## SUSPENSIONS AND DEBARMENTS

Since December 2005, SIGIR has worked closely with the Department of Justice, Army Criminal Investigative Command, Defense Criminal Investigative Service, and the Army Legal Service Agency's Procurement Fraud Branch to suspend and debar contractors for fraud or corruption within the Army, including those involving Iraq reconstruction or Army support contracts in Iraq and Afghanistan. These cases arise as the result of criminal indictments filed in federal district courts and allegations of contractor irresponsibility that require fact-based examination by the Army's Suspension and Debarment Official. In June 2003, the Department of Defense designated the Department of the Army as the executive agent for contracting support to the Coalition Provisional Authority (CPA). As a result, the Army's Suspension and Debarment Program leads the effort to ensure the integrity of contractors performing these contracts. The goal of this program is to ensure that these contracts are awarded to, and performed by, contractors who are honest and ethical and who have the ability to successfully perform this important work. The Procurement Fraud Branch has also taken a leading role within the Army and at joint contracting organizations to train contracting officers to aid in the prevention and early detection of contractor fraud in Iraq reconstruction and support contracts. Since the last Quarterly Report, the Procurement Fraud Branch has suspended 1 individual based on allegations of fraud and misconduct connected to reconstruction and contractor fraud in Iraq, Kuwait, and Afghanistan, bringing the total suspensions to

date to 102. The Army has also proposed 69 individuals and companies for debarment and finalized 41 debarment actions. The first quarter of 2009 was less active than previous quarters, primarily because of the need to conduct multiple hearings with contractors proposed for debarment during the fourth quarter of FY 2008 and work associated with developing new cases in cooperation with law enforcement, SIGIR, and the Department of Justice. The one new suspension this quarter was an additional individual associated with allegations of fraud previously made against Lee Dynamics International and the company's owner, George H. Lee. The Procurement Fraud Branch is aggressively pursuing additional companies and individuals associated with this case and others out of Iraq, Kuwait, and Afghanistan. Additional suspension and debarment actions are projected during 2009. In February 2006, the Army, through the U.S. Army Europe Suspension and Debarment Official, entered into an Administrative Compliance Agreement with Yuksel Insaat, a Turkish construction company operating in Iraq both as a prime and subcontractor to the U.S. Army. This is the second Administrative Compliance Agreement that the Army has entered into resulting from allegations of fraud associated with contracts in Iraq and Afghanistan. The first, with Eagle Global Logistics, a freight forwarder operating in the Middle East, was entered into on March 2, 2006. For information on specific actions by the Army Suspension and Debarment Official, see Table K.1.
