

## SUSPENSIONS AND DEBARMENTS

Since December 2005, SIGIR and its partner agencies have worked closely with the Army Legal Service Agency's Procurement Fraud Branch to suspend and debar contractors for fraud or corruption within the Army, including those involving Iraq reconstruction or Army support contracts in Iraq and Afghanistan. These cases arise as the result of criminal indictments filed in federal district courts and allegations of contractor irresponsibility that require fact-based examination by the Army's Suspension and Debarment Official.

In June 2003, DoD designated the Department of the Army as the executive agent for contracting support to the Coalition Provisional Authority. As a result, the Army's Suspension and Debarment Authority leads the effort to ensure the integrity of contractors performing these contracts. The goal of this program is to ensure that

these contracts are awarded to, and performed by, contractors who are honest and ethical and who have the ability to successfully perform this important work. The Procurement Fraud Branch has also taken a leading role within the Army and at joint contracting organizations to train contracting officers to aid in the prevention and early detection of contractor fraud in Iraq reconstruction and support contracts.

Since SIGIR's April 2008 Quarterly Report, the Procurement Fraud Branch has suspended 19 more individuals and companies, bringing the total suspensions to 77. In addition, 8 individuals and companies have been proposed for debarment, bringing the total proposed debarments to 43. Total debarments remain at 25.

For a comprehensive list of suspensions and debarments, see Table M-1.
